Summary Of Qualifications:

Two years of experience as a Graphic Designer and Web Designer in a business environment.

Freelance experience designing and developing new web solutions, identity projects, logo designs, and printed collateral.

Skill set including a knowledge of Adobe Creative Suite, photography, illustration & art.

Ability to create designs, concepts, and layouts based on knowledge of layout principles and esthetic design concepts.

Proficient in the process of problem solving and developing solutions.

Contribution of an original & unique perspective, excellent written & verbal skills and the ability to understand design concepts.

Aware that the role of design is the communication of ideas and designers are the visual communicators.

Courses completed that have enhanced my ability to provide design solutions include the following: Graphic Design, Interactive Web Design, Drawing & Illustration, Design Production, Publication Design, Typography, Digital Imaging, and Digital Video.
